HOLY LAND REBEL LEADERS SEIZED

SHOOTING NOT FINISHED YET IN INDONESIA

DUTCH ACCUSED OF VIOLATING ORDER TO CEASE FIRE

BY STANLEY SWINTON
Batavia, Java, Aug. 5 (AP)—The Indonesian army charged tonight that Dutch troops on two fronts had violated cease-fire orders in the East Indies, and both Dutch and Republican leaders indicated their forces would answer shot-for-shot any resumption of hostilities by opposing units.

A Republican army spokesman declared in a broadcast that a three-pronged Dutch force—operating in a central Java zone approximately 60 miles west of Jogjakarta—had continued attacking for two and a half hours after last midnight, the cease-fire deadline.

As a result of this action, the spokesman declared, the Dutch seized the town of Gombong, on the trunk rail line linking Batavia with Jogjakarta, the Republican capital.

The spokesman's accusation was repeated in a Republican communiqué which declared a violation also had occurred near Demak, 15 miles east of the north coast city of Semarang. The Indonesians claimed a Dutch amphibious force which landed near Semarang seized Demak and continued its advance southward after the deadline.

There was no confirmation of these actions from the Dutch who previously had questioned whether the Indonesians could enforce a cease-fire among Republican troops.

Fighting took place along the strategic north Java coast until shortly before midnight, a front dispatch said. Dutch columns speeding from opposite directions linked up a few hours before the deadline giving the Netherlands complete control of a coastal area extending from Batavia 218 air-line miles eastward to Semarang, this account said.

Before the Jogjakarta radio broadcast the Republican charges of Dutch violations, field advice from Semarang indicated the cease-fire was working out well in that area, previously the scene of persistent sniping and mortar fire.

The cease-fire orders of the Dutch and Indonesians complied with the call of the United Nations security council for a termination of the 13-day-old conflict in the rich Pacific islands.

Judge Murphy Runs For Detroit Mayor

Detroit, Aug. 5 (AP)—The name of Recorder's Judge George Murphy, brother of U. S. Supreme Court Justice Frank Murphy, was entered today in the non-partisan Detroit mayoralty race.

Nominating fee for Murphy was posted by William T. Skryki, former member of the board of water commissioners and the city plan commission. He said he acted without the jurist's knowledge but was "reasonably sure" he would make the race.

EVANGELIST DEAD

New York, Aug. 5 (AP)—Rodney (Gipsy) Smith, 87-year-old British evangelist, died aboard the liner Queen Mary yesterday on a voyage to the United States which he had visited more than 30 times on preaching missions.

His death, caused by a heart attack, became known when the luxury liner docked today.

Egypt Wants Troops Ousted

Freedom From British Imperialism Asked Of U. N. Council

BY LARRY HAUCK

Lake Success, Aug. 5 (AP)—Egypt today asked the United Nations Security Council to order the immediate evacuation of all British troops from her soil. Britain immediately countered with a demand that the council throw out the complaint as unfounded.

Appealing to the U. N. to free Egypt from "British Imperialism," Premier Nokrashy Pasha said "the very existence of Egypt as a sovereign state is here at stake" with the presence of British troops a "potential peril" to peace in the Middle East.

Sir Alexander Cadogan, British delegate, said British troops were in Egypt under a 20-year treaty signed in 1936 and the council could do nothing but dismiss the case.

Cadogan said that if anybody was threatening peace in that area it was Egypt and not Britain. He added that Egypt was attempting to evade her international obligations accepted in the Anglo-Egyptian treaty, which he said could be altered or terminated only with the consent of both parties.

Woman Killed, Leaps From Moving Car Of Estranged Husband

Belding, Mich. Aug. 5 (AP)—Deputy Sheriff Ben Neve said today that a 47-year-old woman was leaped Monday night from a moving car driven by her estranged husband.

A Macomb county coroner termed the death of Mrs. Effie Haney accidental and said no inquest would be held.

The accident occurred on M-91 two miles south of here as Mrs. Haney was riding in a car driven by her husband, Gerald, 40. They had picked up Mrs. Haney's sister, Mrs. Lydia Bowser, 41, and the latter's son, Ray 11, both of Bellair, Mich., at the local bus depot.

Neve said the Haney's separated Saturday but that Mrs. Haney joined her husband after they met accidentally while he was enroute to the depot to meet her relatives. She refused to sit in the front seat with Haney on the return trip the deputy said, but sat in the back with the Bowser boy. She jumped from the car after saying she "didn't want to go any farther," Neve said.

Ceiling Is Raised By Government On New Sugar Prices

Washington, Aug. 5, (AP)—The Agriculture Department announced tonight an increase in ceiling prices for sugar expected to come out at about one-fifth of a cent a pound at retail.

The department raised ceiling prices 13.5 per 100 pounds for raw sugar and 15 cents for refined sugar at the primary distribution levels.

The increases at the primary distribution levels become effective at midnight tonight.

Retail increases will not become effective until first shipments of the new prices reach retailers.

The price increases were made necessary, the department said, by provisions of contract with Cuba for purchase of Cuban sugar.

That contract provides as prices of commodities which Cuba buys in this country increase, the price which this country pays for Cuban sugar will go up.

Chatham Mill Burns; Village Menaced By Blazing Lumber Piles

HEAT IS EASED; RAIN IS NEEDED

Thirsting Crops Wilt In Temperatures 100 And Over

BY THE ASSOCIATED PRESS

A break began developing Tuesday in the year's worst heat wave as the number of heat deaths rose to at least 17.

However, only scattered relief was forecast for thirsting corn and vegetable crops in the mid-west.

As thermometers in many mid-west areas touched the 100-degree mark for the third consecutive day, a cold air front from Canada brought relief to parts of Minnesota, the Dakotas and Nebraska.

Weather forecasters said the cooler air, from 15 to 20 degrees below temperatures prevailing during the heat wave, was moving eastward and would extend as far as Illinois and Indiana by Wednesday afternoon.

The accident occurred on M-91 two miles south of here as Mrs. Hanley was riding in a car driven by her husband, Gerald, 40. They had picked up Mrs. Haney's sister, Mrs. Lydia Bowser, 41, and the latter's son, Ray 11, both of Bellair, Mich., at the local bus depot.

Soviets Seize Oil Refinery In Vienna, Asset Of Germany

Vienna, Austria, Aug. 5 (AP)—A new battle in the Allied control council over Austrian property was predicted today following disclosure that three truckloads of Russian soldiers had seized physical possession of the Lobau oil refinery in their zone on the outskirts of Vienna.

The plant was built by the Germans during the war and was owned by the Oesterreichische Mineraloelwerke G. M. B. H. Lobau, a subsidiary of two German-incorporated companies of Socony Vacuum Oil Company of New York and the Anglo Saxon (Shell) Petroleum Company of London.

Brando H. Grove of New York City, a representative of the Socony Vacuum, said the Russian action was little more than effecting direct control by force where control previously had been indirect, but that it was a flouting of the principle of arbitration over the question of German assets. A four-power Austrian treaty council has been discussing for months here the question of German assets in Austria which would be available for reparations.

The price increases were made necessary, the department said, by provisions of contract with Cuba for purchase of Cuban sugar.

That contract provides as prices of commodities which Cuba buys in this country increase, the price which this country pays for Cuban sugar will go up.

QUESTIONS IRK ROOSEVELT AT PLANE INQUIRY

HUGHES PUBLICITY ON PLAY GIRLS CHALLENGED

BY DOUGLAS B. CORNELL

Washington, Aug. 5 (P)—Elliott Roosevelt testified today he might be open to reprimand for letting plane manufacturer Howard Hughes foot a \$576.83 hotel bill for him as "a wedding present."

Roosevelt also told a Senate war investigating sub-committee that Jack Frye, former president of Trans World Airline, which is controlled by Hughes, paid \$850 in hotel costs for the marriage.

HUGHES KEEPS DATE

Los Angeles, Aug. 5 (AP)—Millionaire plane builder Howard Hughes took off for Washington at 5:32 p. m., CDT, today to keep a date with the Senate war investigating committee a spokesman announced.

Associates said Hughes' departure, in secrecy as far as the press was concerned, was from the Culver City field of Hughes Aircraft company. He flew in a B-23 converted bomber.

But the son of the wartime president angrily challenged Hughes' publicity man, John W. Meyer, to say whether girls listed on Meyer's expense account were "Procured" for him.

Saw No Nylons

Roosevelt married actress Faye Emerson on December 3, 1944. He said he objects to "insinuations" about her, and has no knowledge of a gift of \$132 worth of nylon stockings to her listed on Meyer's expense sheet.

"It might be said," Roosevelt declared, "that it was inadvisable for me to accept a wedding present from Howard Hughes."

And he added that "I believe on a strict interpretation of the law I might be reprimanded."

It was the second time that the Richmond mill was destroyed by fire. It burned in December of 1945 with a total loss. Mr. Richmond said last night that it would not be rebuilt. The mill had operated at Chatham for about five years.

During the war, in which he climbed to the rank of brigadier general, Roosevelt commanded photographic reconnaissance operations in Africa and Europe. As head of a mission which returned to this country for a time, he recommended the government order photo reconnaissance planes from Hughes' company. None ever were delivered during the war.

The Senate sub-committee is looking into \$40,000,000 worth of plane contracts given Hughes and Henry J. Kaiser and is seeking to learn whether Roosevelt influenced the awards.

Hotel Bill Paid

The hotel check paid by Hughes, Roosevelt said, was at the Beverly Hills hotel in California. The time was shortly before his marriage. He was about to pay up, he related, when Meyer appeared, saying: "You cannot pay that bill."

"I said," Elliott went on, "I certainly could and that I already had written the check."

Meyer told him he said that Hughes wanted to pay the bill as a wedding gift.

Bells Of Hiroshima Record Anniversary Of Fateful Aug. 6

Hiroshima, Wednesday, Aug. 6, (P)—Bells throughout Hiroshima today tolled a one-minute reminder that just two years ago the world's first war-dropped atomic bomb killed or left missing 92,000 of this city's residents and destroyed more than half of all its buildings.

The trucks, bathed in gasoline, blazed for hours after the crash and officers had to close the heavily-traveled highway, rerouting the Waco-Dallas traffic.

Eighteen of the known dead are Negroes. The nineteenth, tentatively identified by a transport company of Texas employees Marvin L. Walls, 33, of Iowa Park, Tex., was a white man.

Load Of Gasoline Spills Over Negro Workers At Waxahachie, Tex.

Waxahachie, Tex., Aug. 5, (AP)—Either 21 or 22 persons were killed today when a gasoline tank truck and a truck loaded with Negro workers collided and burned at dawn near here today. Four others were injured.

Nineteen bodies were recovered earlier in the day, and in the afternoon the fragments of either two or three more bodies were found trapped under the still smoldering wreckage.

The condition of the bodies was such that officials said they could not determine exactly how many persons had been pinned beneath the trucks.

The trucks, bathed in gasoline, blazed for hours after the crash and officers had to close the heavily-traveled highway, rerouting the Waco-Dallas traffic.

Hiroshima then looked to the future—hopeful of rebuilding, around a memorial to the futility of war, a city dedicated to world peace.

The day's theme was hope for the future. Only for one minute—at 8:14 a. m., (6:14 p. m., Tues., day, CDT), the time of the atomic blast—did the city officially recall its disaster. For that minute, the bells tolled and citizens stood in prayer.

Then General MacArthur's anniversary statement was read, warning grimly "war's destructiveness will progress until the means are at hand to exterminate the human race" unless the world profits from "the lesson of Hiroshima. God grant that it be not ignored."

Mayor Shiso Hamai announced completion of a plan for a modern Hiroshima, featuring a peace memorial marking the site of the atomic blast. It was prepared with the help of Australian engineers.

Hamai said the three-day anniversary observance which began yesterday is designed to encourage rebuilding of the city with the object of making Hiroshima forever a symbol of the futility of war. To date, about 20,000 temporary shelters have been erected.

The ring was found in a spot where thousands of persons had been milling about while seeking shelter from the Monday afternoon heat.

Ford Avoids Strike Of 107,000 Workers But Lays Off 51,000

Detroit, Aug. 5 (P)—The Ford Motor Co. avoided a strike of 107,000 workers today but at the same time announced a layoff of 51,000 starting within 24 hours.

Each development stemmed from the same general source—the consequences of a dispute over penalty provisions of the Taft-Hartley labor law.

In avoiding a strike, Ford compromised its differences through a last minute tr

\$19,062 ROAD FUNDS COMING

Weight, Gas Tax Fund Moneys Disbursed To Cities, Counties

Disbursement of weight and gas tax revenues to counties and to cities of Michigan has been announced by State Highway Commissioner Charles M. Ziegler. The weight tax is to be disbursed for the second quarter of the year, and the gas tax fund is for the first half of 1947. Delta county road commission and the cities of Escanaba and Gladstone will receive a total of \$19,062.17.

The second quarter payment of the weight tax will be made by the Delta county road commission \$12,134.86; Alger county will receive \$7,604; Chippewa \$14,834; Dickinson \$11,282; Marquette \$19,610; Menominee \$11,488; and Schoolcraft \$6,902.

While the weight tax money goes only to the county road commissions, the gas tax revenues returned to the counties for the cities and the county for expenditure on local roads and streets. The total amount annually returned to the cities and counties is \$6,750.00 and the remainder goes to the state highway department.

Delta county will receive \$6,927.31 in gas tax revenue for the first half of the year. Alger county will receive \$3,431; Chippewa \$6,098; Dickinson \$6,042; Marquette \$8,891; Menominee \$6,543; and Schoolcraft \$3,564.

Chapin Pit Will See Improvement

Iron Mountain, Mich.—Beautification of the banks of the Chapin pit on the east side of highway US-2 will be undertaken by the newly organized Lions club, it was decided by 31 of the members who last night attended a dinner meeting at Benson's Grill.

The club will purchase and seek contributions of seeds, which will be planted, to form colorful patterns along the bank of the pit. It is planned to plant perennials, which will be replanted from time to time as the plants die out or are winter-wilded.

The city will be asked to cooperate in the project and the public to submit a name for the new beauty spot in a contest, arrangements for which will be made later.

DCCK PURCHASE PAYS DIVIDEND

City Makes Substantial Savings On Crushed Gravel

The city has received its first dividend on the \$65,000 purchase of the 2,000 acre ore dock project site, City Manager A. V. Aronson revealed yesterday.

The dividend was in the form of a substantial savings, estimated at more than \$3,000, in 5300 cubic yards of gravel crushed at the dock project site under an agreement between the city and the county road commission.

A total of 10,600 yards of gravel was crushed from a stock pile of nearly 70,000 yards at the project site, with the city and the county road commission dividing the material. The gravel was crushed by the road commission with new equipment recently purchased, at an actual cost of only 33 cents a cubic yard. This compares with a price of \$1 per yard or more that the city has been paying for crushed gravel. Moreover, crushed gravel has been difficult to secure and the city has been unable to get enough to meet its requirements.

The mammoth pile of gravel at the project site developed as the result of dredging operations in the bay when the two government ore docks, now dismantled, were under construction in 1942-43.

The city will use its 5300 cubic yards of gravel crushed under the city-county agreement for street improvement purposes. When more gravel is needed, the city will draw again from its stockpile at the ore dock project site.

State Vets Repay 552 Loans In Full

World War II veterans in Michigan have repaid in full 552 loans totaling \$1,734,524, which they had borrowed for home, farm and business purposes under guaranty provisions of the G. I. Bill, officials of the Veterans Administration office in Escanaba said yesterday.

Since inception of the G. I. loan program, financial agencies have made more than 95,000 loans to veterans in Michigan, Ohio and Kentucky. Michigan veterans have negotiated 35,300 loans totaling \$185,555,000. Ninety-two percent of the loans have been for homes.

W. Ira Bull, Lansing, forestry specialist for Michigan State College extension department, will be in Delta county today to visit farm woodlots in connection with his tour of 12 Upper Peninsula counties advising farmers on woodlot problems. He will also attend a two-day U. P.-Wisconsin Society of American Foresters.

On his tour of the Upper Peninsula he will be accompanied by Roy E. Skog, extension forester. In Delta county Eric Engman, assistant county agricultural agent, will accompany the foresters on a visit to farm woodlots. From Delta Bull will go to Menominee county.

BIG RHUBARB PLANT—Miss Sally Hay, 12-year-old daughter of Howard Hay, Lake Shore drive, visited a farm outside Escanaba recently and came home with a big rhubarb plant she is holding in her hands. The stalk measured 40 inches long.

MANY PICKERS, NO BLUEBERRIES

Some Raspberries Being Found; Fire Hazard High In Woods

The 1947 crop of blueberries in this area is almost complete failure yet hundreds of disappointed pickers are scouring the plains looking for something that isn't there, according to a report from the district conservation headquarters in Escanaba.

Conservation officers reported that on the Rapid River and Stonington plains, where thousands of bushels of blueberries were picked last year, the crop "is practically nil." Over the weekend hundreds of pickers drove and walked through the plains areas searching for berries without success. There are a few berries—but a very few.

The "freak" weather this year is believed to have killed what earlier appeared to be favorable prospects for a bumper blueberry crop. The late spring kept the plants from blossoming until danger of frost was past. Then there was continued cold weather

that prevented the fruit from maturing. Dry weather followed and the berries that did form were small.

In the eastern section of the Upper Peninsula, where blueberry prospects were reported as better, a late-July frost nipped the ripe berries.

The raspberry crop in the Delta county area is only fair. The berries are small because of the recent dry weather.

Conservation headquarters officers in Escanaba reported that the forest fire hazard was high in Delta, Marquette and Alger counties. Officers cautioned berry pickers to be careful with fire in the woods. Three fires were extinguished Monday in Marquette county. One burned over 8 acres near Mangum, a second burned 12 acres near Republic, and the third 3 acres near Gwinne.

Sewer Extension Started By City In No. Escanaba

Installation of four blocks of sanitary sewers from 15th avenue north to the ore docks in an alley east of Washington avenue was started this week by a city crew.

An eight inch sewer will be laid and all but the first block will be assessed against property owners.

Escanaba Coolest Spot In Country

Ohio newspapers on Monday were carrying news stories publicizing Escanaba as the coolest spot on a heat-stricken continent.

This was the report brought here yesterday by B. L. McClure of Norwalk, O., who is transacting business in Escanaba in connection with his plans to locate a machine shop near the Bay Foundry.

Escanaba had a high temperature of 74 degrees while Ohio cities were sweltering in heat of more than 100 degrees. Industrial plants were forced to suspend operations during the heat wave.

Buy and Sell the Classified Way

The first block was laid a number of years ago but the grade is not satisfactory for extension of the main. Cost of replacement of that block will be borne by the city.

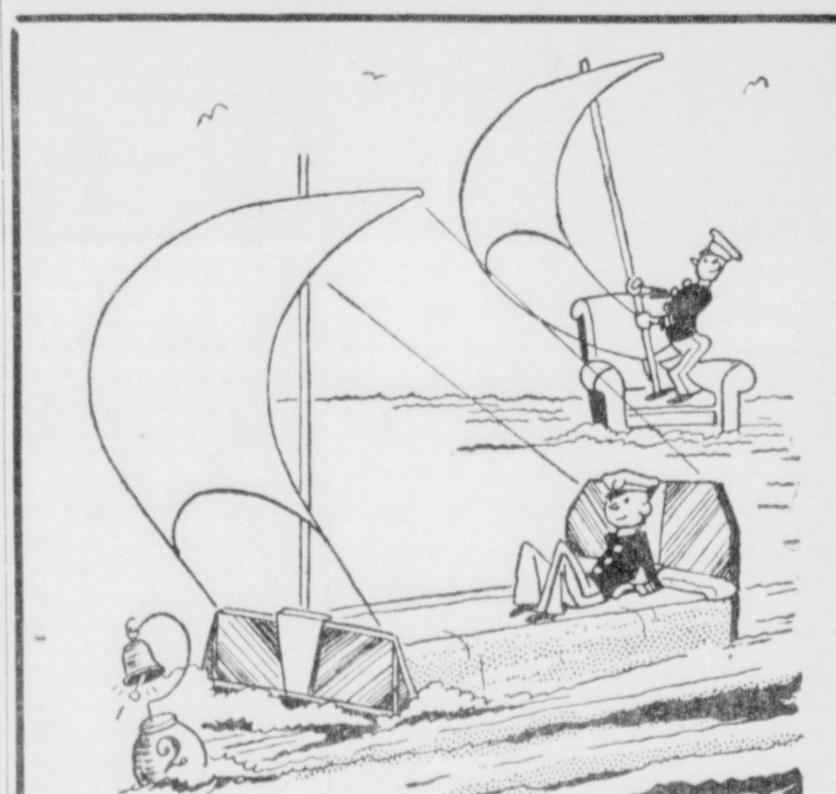

VA Contact Offices In Peninsula To Be Closed Saturdays

All Veterans Administration contact offices in the Upper Peninsula and the insurance collection unit office in the First National Bank building, Escanaba, will be closed on Saturdays, beginning Aug. 9, it was announced

here yesterday.

VA contact offices are located in Sault Ste. Marie, Marquette, Houghton, Ironwood and Escanaba. The Escanaba insurance collection unit is the only one in the Upper Peninsula.

Announcement of the change was made in a letter from Lloyd H. Jameson, assistant manager of the regional office of the Veterans Administration, Detroit.

Escanaban Pokes Arm Through Glass Door, Badly Cut

Lynn Gravelle, 636 No. 19th street, sustained a severe cut on his right arm early yesterday when he poked his arm through the glass door at the family home. He was taken to St. Francis hospital in an unconscious condition by his brother and local police.

Gravelle broke the glass in anger when he arrived home shortly after midnight and was locked out, police reported.

Communication

JUSTICE COURTS

Dear Editor:
I wish to make a reply to your Editorial on "Court Reform Is Needed." Wish I could have attended the Prosecutors Association Convention when they brought up the subject on Court reform, I could have given them more departments to work on that need reform. The real reason for this so called County Court is to create a job for an attorney, with a lot of added expense to the county. We know privileges have been abused by Justice Courts, and if it still exists, in order to stop that Justice from further practice, why don't the prosecuting attorneys instruct their county officers not to bring cases before those justices, that will force the justice who is abusing privileges to quit practice. A justice of the peace does not have to be an attorney, all he needs is good common sense and a knowledge of common law practice. The justice office in Escanaba is run efficiently. The justice worked in an attorney's office years before he became a justice. The assistant studied law, human relations and justice work under an able attorney for six years. Please check appeal cases from the Escanaba Justice Court, and you will find that decisions of the justice in question have always been upheld by the circuit judge. Speaking of the incident you referred to this morning, you know the blame doesn't rest entirely on the court. Will you please pick up the mud and stones you threw this morning and build something worthwhile for this community.

Margaret Blowers
And William French
Married At Nahma

Nahma, Mich.—St. Andrews Catholic church at Nahma was the scene of a pretty summer wedding on Saturday at which Miss Margaret May Blowers, daughter of Mr. and Mrs. Frank Blowers, became the bride of William Robert French, son of Mr. and Mrs. Homer French.

Large bouquets of gladiolas, bachelor buttons and baby breath decorated the main altar where the nuptial high mass was celebrated by the Rev. Jerome Larson at 9 a.m. Music was furnished by the regular church choir. Mrs. Clyde Tobin, organist, played the traditional wedding marches.

The bride wore white slipper satin with lace inserts, fashioned with a sweetheart neckline and leg o' mutton sleeves. The full skirt ended in a long court train. Her fingertip veil was caught to a lace halo and gartards covered the white prayer book she carried. Her only jewelry was a gold locket, a gift of the groom.

Mrs. Phil Giampino of Detroit was her sister's matron of honor. Mrs. Iona Millington of Escanaba, sister of the groom was the bridesmaid and Joan Giampino and Lois Hallett, nieces, were the train bearers.

The matron of honor was gowned in pink brocaded satin fashioned with a sweetheart neckline, puffed sleeves and a full skirt. Mrs. Millington's gown was similar but of blue satin and both wore lace halos. They carried colonial bouquets of pink and blue. The junior aides wore gowns of yellow and white satin with halos of flowers and ruffles in their hair.

the groom, was best man. Ushers were Vernon French and Phil Giampino.

For her daughter's wedding, Mrs. Blowers chose a blue crepe dress trimmed with sequins and wore black accessories. Mrs. French wore an off-white dress with black accessories and both mothers wore corsages of pink roses.

A wedding dinner was served for 70 guests at the bride's home and in the evening supper was served at the French home. Cut flowers decorated the tables in both homes. A wedding dance was held later in the evening at the Garden Corners after which the couple left on a wedding trip of an unannounced destination. Upon their return they will make their home in Nahma where the groom is employed. Mrs. French is a graduate of the Nahma High school. The groom attended school in Harris and served with the U. S. Marines for 3 years.

Out of town guests at the wedding were: Mr. and Mrs. William Blowers, Mr. and Mrs. Phil Giampino, Mr. and Mrs. Vern Blowers and Mr. and Mrs. Clarence Blowers and their families of Detroit, Mrs. Iona Millington and family of Escanaba, and Mrs. Donald Hallett and family of Lena, Wis.

**Miss Jean Baker
And John Moberg
Are Married Here**

Miss Jean F. Baker, daughter of Mr. and Mrs. Roger Baker, 301 South 11th street, became the bride of John H. Moberg, son of Mr. and Mrs. Arthur W. Moberg of Wells, at a nuptial mass in St. Patrick church 9 o'clock yesterday morning. Rev. Fr. Howard V. Drijet performed the ceremony, during which Mrs. Clarence Satterblom sang a solo, "Ave Maria."

Miss Shirley Baker, sister of the bride, served as bridesmaid, while John Rogers, friend of the bridegroom, was the best man. Phil Cunningham served as usher.

The bride was dressed in a gown of white lace and net with button-down back and white knee length veil and carried a bridal bouquet of red roses and white chrysanthemums.

Her attendant was dressed in a gown of lavender with bustle back and Dutch lace matching hat.

Mrs. Baker chose a light blue suit with white accessories and wore a corsage of African orchids. Mrs. Moberg wore a brown suit with matching accessories and a corsage of yellow roses.

A wedding dinner was served at the Log Cabin for close friends and relatives of the couple. An attractive wedding cake was the table centerpiece. About one hundred guests were in attendance at the reception held at 3 o'clock yesterday afternoon, following which Mr. and Mrs. Moberg left on a wedding trip through northern Wisconsin. Upon their return, they will make their home at 1310 First avenue south.

Both Mr. and Mrs. Moberg are graduates of the Escanaba high school. The bride has been employed with the Maytag Sales company, while the bridegroom is now with the Escanaba Paper company after attending Ferris Institute. Out-of-town guests at the wedding included Mrs. Irene Berg of Milwaukee, Mr. and Mrs. Joseph Trudeau of Detroit, and Mrs. Clarence Satterblom of Leonardville, Kans.

Married At Rock**

Miss Eila Linnea Halmi of Chicago, daughter of Mrs. Emil Halme of Rock and Richard John McGhie, son of Mr. and Mrs. John McGhie of Chicago, were married at the Finnish Lutheran church at Rock 2 o'clock Saturday afternoon, with the Rev. Amos Marin performing the double ring ceremony.

During the nuptial ceremony, Mr. Kliskineen sang "Because" and "I Love You Truly," accompanied by Connie Pokela.

The couple was attended by Susan McGhie of Chicago, as bridesmaid, Taimi Halmi of Chicago, maid of honor, and Norman Mara of Chicago, bestman. Ben Halme of Rock acted as usher.

The bride was attired in a gown of white satin with finger-tip veil and white tea roses. Her attendants wore pink and blue net and pink taffeta respectively. Both carried colonial bouquets of seasonal cut flowers.

For her daughter's wedding Mrs. Halmi chose a royal blue combination with yellow gladioli and Mrs. McGhie wore a floral print with pink gladioli.

Supper was served for relatives and friends of the bridal couple at the Finnish hall. Mr. and Mrs. McGhie left on a honeymoon trip to Canada.

Mr. McGhie, a graduate of Morgan Park Junior College, served as a pilot in the Army Air Force three years during the war. Mrs. McGhie is a graduate of the Rock high school, class of 1946.

Out-of-town guests at the wedding included Mrs. John McGhie, Susan McGhie, Mrs. Jesse Harvey and Norman Mara, all of Chicago.

LIST \$35,000 AIRPORT FUND

Escanaba Is Included In Revised Federal-Aid Airport Program

Washington, Aug. 4.—(P)—T. P. Wright, Civil Aeronautics Administrator announced today approval of a revised federal-aid airport program designed to put \$136,804,685 into new construction or improvements on 908 airfields.

The new program represents an adjustment of plans to fit the 50 percent slash which Congress made in proposed federal aid for airports in the fiscal year ending June 30, 1948. Originally, a \$65,000 figure was asked for 1948. Congress actually appropriated \$32,500,000. This appropriation will be combined with balances remaining from the 1947 appropriation of \$45,000,000 to provide a federal contribution of \$66,590 to the new program.

Local or state sponsors will provide an additional \$70,235,095 to finance the \$136,804,685 in improvements.

Wright, in releasing a list of approved improvements in all the states and territories said that "Cai's primary consideration was aeronautical necessity" and it has been impossible "to program all projects for which CAA has received applications for federal assistance." Actually, he said, the current backlog of requests for federal aid runs to approximately \$250,000,000.

The revised program will reach 896 projects in the continental United States, of which 725 are of the smaller class 1, 2 or 3 air-

ports and 171 are class 4 or larger. In addition, 12 projects have been approved in Alaska, Hawaii and Puerto Rico.

The allocations by states, showing the amount of federal aid earmarked for each airport (figure in parenthesis is state total):

Michigan (\$1,871,281) — Jack Barlow Field, Midland, \$60,000; Houghton city, \$341,000; Grand Marais, \$116,500; Ford Airport, Iron Mountain, \$45,000; Marquette county, Sands site, \$43,000; Menominee, \$65,000; Escanaba, \$35,000; Gogebic county, Ironwood, \$25,000; Grand Haven Memorial Airport, \$44,250; Dr. Haines, Three Rivers, \$17,500; Niles, \$50,000; Branch County Memorial, Colwater, \$25,000; Mason county, Ludington, \$21,500; Kalamazoo, \$51,750; Huron City Memorial, Bad Axe, \$30,000; Cadillac, \$22,000; Adrian city, \$19,500; James Clements, Bay City, \$45,750; Ross Field, Benton Harbor, \$70,000; Monroe-Custer, Monroe, \$20,500; Waterlief, \$12,881; St. Clair county, Port Huron, \$65,000; Calvin Campbell, Indian River, \$26,250; Oceana county, Hart, \$10,375; Boyne City, \$5,000; Montague, \$7,400; Howell, \$10,000; Mackinac county, St. Ignace, \$11,500; Wayne-Major, Detroit, \$240,000; Kent county, Grand Rapids, \$100,000; Muskegon county, Muskegon, \$70,000; Capital City, Lansing, \$75,000; Bishop, Flint, \$55,000; Park Township, Holland, \$15,000; Owosso, \$40,000.

Heart Attack Fatal To Van Meer Woman

Munising — Mrs. Ellen Inman, age 67, of Van Meer, Mich., died in the Brasier hospital, Munising, at 5:15 p.m. Monday following a sudden heart attack at her home a short time prior to her death.

Mrs. Inman was born July 21, 1880 at Cheboygan, Michigan and prior to her residence here she lived in Bayne City.

She is survived by three sons: Albert of Muskegon, Mich., Frank and Theron, Shingleton; one daughter, Mrs. Vonda Prunick of Munising; nine grand children, 2 great grand children and several nieces and nephews.

Mrs. Inman was a member of the Pentecostal Church of God.

The body was removed to the Beaujeau funeral home, Munising where it will remain until the time of the funeral. Funeral arrangements are incomplete.

Judge Puts Foubert Under Peace Bond After Jury Hearing

Munising — Burts Foubert, charged Thursday with threatening the life of his former wife, Mrs. Ida Thorsen of Chatham was placed under a \$500 peace bond for a 2-year period by Judge John A. Vizena after a hearing held in justice court yesterday before a jury of five men and a woman. The jury, after deliberating 20 minutes, found Foubert guilty.

According to testimony heard yesterday, Foubert had on July 31 gone to the Thorsen hotel in Chatham where his former wife was living and in their absence left a note for Mrs. Ida Thorsen stating he would be back, not to get his son by their marriage, but to get the woman and that he had no fear for law or death. In the note, he also demanded that his former wife send his child, Jerry, to him at his summer home or he would get her personally.

The trial brought out that Foubert, formerly of Munising, was now remarried and living in Chicago and that last summer he had his son Jerry with him at his summer home here. However, it was learned, that earlier this summer, when Foubert came here and wanted his son to go with him, his former wife objected. On July 31, Foubert again returned to the Thorsen hotel wanting to see his child Jerry and another son, Eugene. Not finding the Thorsens home he left the note.

Foubert and his former wife had been married fifteen years before their divorce three years ago.

Meyland Reports On Job Placements In County During July

Munising — A total of 93 Alger county persons were placed on jobs during the month of July out of a total of 156 referred to jobs, Walter Meyland, manager of the local MSES offices, said yesterday.

Translated into dollars-and-cents, the figure 93 represents a weekly intake for the county of approximately \$3,000. Meyland estimated. Job placements last month were up 40 per cent over those in July one year ago, the manager said. This is due, he added, to the expansion of industry and the many construction projects underway in the county.

At present, there are 195 applications for employment on file at the local MSES office with the greater number of these being at the itinerant points of Chatham, Traunik and Trenary. The manager explained that this figure is at the present apparently high due to the hard-to-place handicapped workers and school youth who are in the active labor market for temporary jobs. In addition, he said, there are many workers in the age group who are seeking temporary work of a night nature.

A total of 118 job openings were received by the MSES office during July (but at the end of the month, Meyland remarked, there were only 39 openings unfilled). These were primarily woods jobs with little or no opportunity of filling them, the manager said.

Listed in order of preference the 39 job openings were tabulated as follows by the office: clerical and sales, 2; service, 3; skilled 1; semi-skilled, 20; and unskilled, 13.

In conclusion, Meyland stated, it is expected that during the current month there will be greater activity in the building construction trades which will increase to a large degree the number of job openings for unskilled and semi-skilled workers in the county and especially in the city of Munising.

Jail On Wheels Pays Brief Visit To Manistique

J. Edward Slavin, former sheriff at New Haven, Conn., paid a brief visit to Manistique Tuesday morning, while enroute to Sault Ste. Marie to exhibit his "jail on wheels" and to lecture on crime prevention.

The "jail on wheels" is a large bus in which are placed on exhibit devices used in the detection of crime along with confiscated guns, a jail cell and finally an electric chair that has actually seen service.

His tour is being made in the interest of crime prevention and his main objective is to prevent growing youngsters from becoming first offenders. He visited briefly at the office of Sheriff Howard Hewitt.

The meeting will be held at the home of Mrs. Elsa Carberry, Sr., with Mrs. Priscilla Linquist as hostess. Topic of the meeting will be "Japan."

KELLY URGES UM TRAINING

Lack Of Manpower Is Dangerous, He Tells Rotarians

A plea for more serious consideration on the part of the public in general for universal military training and for the important part it should play in the scheme of national defense, was made by Col. John Kelly, at the regular meeting of the Manistique Rotary club.

Colonel Kelly returned to Manistique a few days ago from Ft. Riley, Kansas, where he spent three weeks in ROTC training, and his talk dealt with what he has learned relative to national defense.

He said this nation has made great progress in improving weapons. New equipment of death and destruction have been tested and found practical and tremendously efficient; new rockets and guided missiles have rendered obsolete some of the best weapons used during the war and counter setups and radar improvements are making immune some of the most destructive engines of modern warfare, he told his audience. He said infantry methods have been streamlined. But encouraging as this situation is, he said, this country is placing itself in a dangerous position through lack of interest in manpower defense.

The need of the times, he said, is for the availability on short notice, of well trained men in effective numbers. This can only be accomplished through universal military training. He added by way of emphasis that organizations made up of men who saw service in the two wars—notably the American Legion and Veterans of Foreign Wars—are strong for this policy.

In conclusion, he added the national defense should greatly benefit by the merger of the departments of Army and Navy.

Australia Explains Curb On US Fabrics

Canberra — An Australian government spokesman has explained that the issue of additional licenses to import cotton and rayon fabrics from the United States was suspended "to enable the customs department to take stock of licenses already current."

Declaring it was only a "temporary administrative measure," the spokesman told a reporter there was no plan to cut off supplies of ordinary fabrics from the United States.

Military Rites Given Monday For Francis Faulkner

Military honors were accorded at the graveside at Fairview cemetery Monday afternoon for Francis Faulkner, of Seney, whose death occurred recently in Italy.

Members of the American Legion and the VFW merged forces in providing the color guard, the firing squad, bugler and pallbearers. The chaplain of the local Legion post read the graveside ceremony, with the Rev. C. E. Morrison, of St. Ignace, pronouncing the benediction.

Pallbearers, veterans of World War II, were William, Guy and George Bondeberg, Dick and Martin Cousineau and Blaine Short.

The chapel services, held at the Morton funeral home, were conducted by the Rev. Mr. Morrison,

Bob Lemon Sours Tigres; Tribe Wins, 8-4

5TH DEFEAT IN ROW FOR TROUT

Boudreau Filches Bat Lead From Kell With Pair Of Doubles

Detroit, Aug. 5 (P)—Pitching one-hit ball through six innings, Bob Lemon required a bit of help in the ninth to hang up his second triumph since his promotion to a starting role as the Cleveland Indians whipped the Detroit Tigers, 8-4, today before a twilit crowd of 25,626 fans.

Manager Lou Boudreau of the Indians whacked out a pair of doubles in four times at bat to flinch the league batting lead from Detroit's George Kell, who was idle with a puifer leg muscle and probably won't play for three or four more days.

Boudreau's two hits hoisted his batting average two points to .336, a point ahead of Kell.

Kayling Paul (Dizzy) Trout to his fifth straight defeat with a three-run spurt in the fifth that put them ahead to start, the Indians bunched four hits off Al Benton for three more runs in the seventh and never were pressed although Ed Klemian was called in to stop a Tiger threat in the ninth when Detroit filled the bases with nobody out.

The Bengals held to five hits, couldn't show any clutch punch to match Cleveland's 13-hit attack.

Outfielder George Metkovich of the Indians was chased from the dugout for squawking to Umpire Bill McKinley over the way batter Bill Grieve was calling balls and strikes in the fourth inning.

Hank Edwards' Homer put the Tribe out front 1-0 in the third but the Tigers grabbed the lead in the third when Trout's pass, Joe Gordon's error, Eddie Mayo's two-run triple and a wild pitch accounted for three runs.

The Indians rubbed that out in the fifth when five hits—four of them in a row—knocked across their runs and chased Trout.

The same clubs meet here tomorrow in a doubleheader, with Bob Feller and Mel Harder slated to pitch for Cleveland against Hutchinson and Virgil Trucks of the Tigers.

CUBANS DEFEAT ESCANABA, 3-0

LaPalomas Delight Big Crowd With Classy Baseball

The Havana LaPalomas of the Cuban league put on a great baseball show in defeating the Escanaba Bears, 3 to 0, in an exhibition game last night at City diamond. The game, played before a large and enthusiastic crowd, was cut to seven innings as darkness intervened.

The LaPalomas showed class all the way and their performance was accentuated by a masterful clowning exhibition by Ed Hamman, the white comedian who accompanies the Cubans.

The Bears played the sparkling baseball against the traveling colored boys but they couldn't consistently hit the sidebar, left-handed slants of Noble, the Cuban hurler. Their four hits were well scattered and they could not get a runner past second base.

Joe Rademacher pitched the route for the Bears and hurled effectively after the first inning when the Cubans touched him for three solid blows to score their first two runs. The visitors failed to get two hits in any inning thereafter but Mesa clouted a home run in the seventh for the third tally. The blow was a smashing line drive over the center field fence.

Hamman's clever antics kept

Greenberg Drives In 3 Runs As Bucs Spank Reds, 12-4

Pittsburgh, Aug. 5 (P)—The Pittsburgh Pirates jumped on four Cincinnati hurlers for 11 hits and 10 bases on balls today to gain a 12 to 4 victory over the Reds.

Grady Hatton hit his 11th homer of the season in the first inning to give the Reds an early lead but the Pirates came back in coasted the rest of the way.

Two of the Pirate tallies were gifts by Elmer Riddle who walked Frankie Gustine and Ralph Kiner with the bases loaded in the seventh.

Everett Lively, who gave up five walks, four hits and five runs in one and two-third innings was the loser. Mel Queen was credited with the win although he was relieved by Kirby Higbe in the sixth.

Big Hank Greenberg continued his hot hitting pace for the Pirates by driving in three runs with two singles in four trips to the plate.

The former Detroit Tiger suddenly came out of his slump Sunday, knocking out three home runs in a double head with the New York Giants, and last night batted two runs for the Bucs.

HOMERS SCORE WIN OVER CUBS

Circuit Blows By Rice, Kurowski Net Cards 8-2 Triumph

Chicago, Aug. 5 (P)—A home run by Del Rice with the bases loaded and another round-tripper by Whitley Kurowski escorted Harry Brecheen and the St. Louis Cardinals to an 8 to 2 victory over the Chicago Cubs today.

Brecheen carefully distributed 11 Chicago hits, which materialized into two runs—one Bill Nicholson's 13th homer of the season in the second and a single and a double in the ninth. The Cardinals pounded three Cub pitchers for 14 hits to sweep the two games for three runs.

A crowd of 17,782, bringing Wrigley Field attendance over the million mark for 1947, saw the Cardinals take off on Claude Passeau for six runs in the fourth, topped by Rice's ninth homer of the season. Kurowski hit his 16th circuit blow off Bob Chapman in the fifth. The Cardinals were checked in the final two innings by Bob Carpenter.

After Nicholson had hit his Homer to give the Cubs a 1-lead in the second, Stan Musial and Enos Slaughter started the fourth with the double and single which tied the score at one-all. A walk to Ron Northey and an error by Harry Lowrey then filled the bases for Rice's victory-deciding blow into the left field seats.

Approval was given last night by Escanaba Eagles to a proposal for forming an auxiliary to their unit, Aerie 1088, and steps were ordered taken to secure the necessary application forms for organizing a unit of women Eagles.

After a successful picnic held Sunday at Pioneer Trail park, the local aerie is now making plans for an entertainment booth at the Upper Peninsula state fair. Equipment is being made ready at the Eagles hall to furnish the big tent.

**Escanaba Golfers
Trek To Marquette
Club Next Sunday**

The Escanaba Golf club will play a return inter-club match with the Marquette linksmen on the latter's course next Sunday afternoon, Cotton Leonard, Escanaba professional, announced yesterday.

Margaret Powers competed here in June and were soundly defeated by the Escanabans, paced by Don Feller, Upper Peninsula champion, who was low with a 75 that included a blistering 34 on the second nine.

Nearly 40 golfers from Marquette competed here, and it is hoped that an equal amount of Escanaba linksmen will make the jaunt to the Marquette club Sunday.

Killed Against Tree

Cheboygan, Mich., Aug. 5 (P)—Six-year-old Arlene Allagreen of Roseville, Mich., was killed Tuesday night when she stumbled and fell against a tree while running down an 80-foot hill at the Burt Lake State Park. The accident occurred while her parents, Mr. and Mrs. Albert Allagreen, prepared to pitch a tent a few minutes after their arrival on the vacation site.

**TAX VALUATION
RAISE OUTLINED**

State Commission Sends Figures To Board Of Equalization

Lansing, Aug. 5. (P)—The state tax commission had recommended a billion and a half dollar increase in the state's equalized valuation and asserted Michigan property tax assessments should be equalized at 90 per cent of 1941 values.

Its previous policy called for equalization of 80 per cent of 1941 value.

The recommendations went to the state board of equalization which will meet August 18 to consider them.

Figuring in half a billion dollars in estimated new construction and higher property values, the commission recommended a state equalization total of \$9,088,550,000 compared with \$7,687,650,000 last year.

The recommendations by counties, with the 1946 equalized valuation followed by the 1947 recommendation include:

Kent, \$307,100,000; \$249,500,000; Menominee, \$24,600,000; \$28,150,000; Muskegon, \$140,000,000; \$54,200,000; Wayne, \$3,525,000,000; \$4,061,100,000; Delta, \$24,050,000; \$27,800,000; Dickinson, \$24,200,000; \$26,950,000; Houghton, \$17,400,000; \$22,000,000; Marquette, \$53,90,000; \$58,700,000.

ers already are prisoners.

Some quarters suggested that those arrested might be flown to detention camps in Kenya colony, in East Africa, where 312 political prisoners from Palestine are quartered.

The commission asked enforcement of an old rule against use of intoxicants in such areas.

Police Superintendent Edwin Morgan, an eye on the 90-degree mercury reading, promised to look into the matter. Police policy in the past had defined two cases of beer per family as a reasonable thirst quencher.

Picknickers must be able to "handle" their quota, though, Morgan warned.

**Publisher Of Sun
Set To Take Over
Chicago Daily Times**

Chicago, Aug. 5. (P)—The Chicago Daily Times announced today that "more than a sufficient number" of its shareholders had accepted an offer by Marshall Field III, publisher of the Chicago Sun, to purchase the Times.

Field, on July 23, offered 60 cents share for all stock in the Times, tabloid evening newspaper, with the provision that holders of at least 65,500 shares must accept the offer by Aug. 25.

Field said that if the offer were accepted he planned to publish the Sun in the morning, the Times in the afternoon, and the Sun-Times on Sunday, all in tabloid form. At present, the Sun is a regulation-sized newspaper and the Sun and Times each publish separate Sunday editions.

At the time of his offer, Field said the Sun would use the Times' presses, and the Times would share the Sun's newsprint allotment.

His acceptance, Roosevelt declared, had no connection with Hughes aircraft.

The \$850 paid by Frye, Roosevelt added, came out of Frye's own pocket.

"But you knew at the time," broke in Senator Ferguson (R-Mich.), chairman of the sub-committee, "that he was connected with Hughes aircraft company?"

"I knew he was connected with TWA, which is controlled by Mr. Hughes," the witness replied. "But I did not know he was connected with Hughes aircraft."

In demanding that Meyer say whether girls were "procured" for him, Roosevelt stormed that it is "utterly despicable" that Meyer should indicate "every girl he got was for me."

And, complaining that he wasn't getting an answer, the second son of the wartime chief executive urged that the senators "clear up my moral record."
